

INDIGESTION

To strengthen the stomach, create an appetite, and remove the horrible depression and languor which result from indigestion, there is nothing so effective as Ayer's Pills. These Pills contain no calomel or other poisonous drug, act directly on the digestive and assimilative organs, and restore health and strength to the entire system. T. J. Curley, Chester, Pa., writes: "I have used Ayer's Pills for the past 30 years, and am satisfied I should not have been alive today, if it had not been for them. They

Cured

me of Dyspepsia when all other remedies failed, and they eventually have kept me in a healthy condition ever since." L. N. Smith, Union, N. Y., writes: "I have used Ayer's Pills for Liver troubles and Indigestion, a good many years, and have always found relief, and I became efficient in my profession." Richard Corrie, Lynn, Mass., writes: "After much suffering, I have been cured of Dyspepsia and Liver troubles."

By Using

Ayer's Pills. They have done me more good than any other medicine I have ever taken." John Durdett, Troy, Iowa, writes: "For nearly five years my life was rendered miserable by the horrors of Dyspepsia. Medical treatment afforded me only temporary relief, and I became reduced in flesh, and very much debilitated. A friend of mine, who had been similarly afflicted, advised me to try Ayer's Pills. I did so, and with the happiest results. My food ceased to distress me, my appetite returned, and I became as strong and well as ever."

Ayer's Cherry Pectoral

Should be kept constantly at hand, for use in emergencies of the household. Many a mother, startled in the night by the agonizing sounds of Croup, finds the little sufferer, with red and swollen face, gasping for air. In such cases Ayer's Cherry Pectoral is invaluable. Mrs. Emma Gedney, 159 West 125 st., New York, writes: "While in the country, both winter and little boy was incessantly taken ill with Croup; it seemed as if he would die from strangulation. Ayer's Cherry Pectoral was tried in small and frequent doses, and, in less than half an hour, the little patient was laughing easily. The doctor said that the Pectoral saved my darling's life." Mrs. Chas. B. Landon, Guilford, Conn., writes: "Ayer's Cherry Pectoral

Saved My Life,

and also the life of my little son. As he is troubled with Croup, I dare not be without this remedy in the house." Mrs. J. George, Lowell, Mass., writes: "My children have repeatedly taken Ayer's Cherry Pectoral for Croup, and Cough. It gives immediate relief, followed by cure." Mrs. Mary E. Evans, Zenon, Pa., writes: "I have two little boys, both of whom have been, from infancy, subject to violent attacks of Croup. About six months ago we began using Ayer's Cherry Pectoral, and it sets like a charm. In a few minutes after the child takes it, he breathes easily, and rests well. Every mother ought to know what a blessing I have found in Ayer's Cherry Pectoral." Mrs. Wm. O. Held, Freehold, N. J., writes: "In our family, Ayer's medicines have been blessings for many years. In cases of Colds and Coughs, we take

Ayer's Cherry Pectoral,

and the inconvenience is soon forgotten."

A LIE NAILED.

Patrick Egan Refutes the Vile Slanders of the London Press.

LONDON, May 11.—Patrick Egan, president of the London Trades Union of America, has forwarded the following cablegram to Mr. Parnell:

"To Charles S. Parnell, London:

"The statements of the Standard, Globe, Daily Telegraph, and St. James Gazette, charging our countrymen with instigating the strike in Chicago are unfounded lies. Not a single Irishman was among the Anarchists, while most of those who fell during the strike were men of reasonable intelligence. This latest evidence of malice on the part of the English press has greatly helped our cause among the American people."

VICTIMS OF THE RED FLAG.

ANSWERING THE ROLL CALL FROM ETERNITY'S PATROL.

Major and Mrs. Harrison Visit the Hospital—Cheerful Words and Beautiful Flowers—Contributions to the Policemen's Fund—The Last Red Rites.

CHICAGO, May 11.—Already five policemen have died from the effects of their wounds. Officer Sheehan died at 5 o'clock last evening. He was conscious up to five minutes before his death. His brother, the only relative he had in the city, remained at his bedside from the time he was taken home wounded until he died. A surgeon examined the wounds, and found that a ball had entered the back, passing through the liver and coming out through the abdomen. The officer was also shot through the leg. The doctor said Sheehan would have died soon after he received his wounds had he not had a good constitution.

Frank Lewis, a shoemaker, died from a gunshot wound received during the battle last Tuesday night. He was known to the police as a hard character, but served a term in the penitentiary several years ago. The other wounded policemen are expected to recover.

By Mr. Dingley, Maine, proving that when foreign countries exclude American vessels from commercial privileges in their ports the president shall issue a proclamation limiting the commercial privileges of similar vessels belonging to the countries which discriminate against America.

By Mr. Breckinridge, of Kentucky, a preamble and joint resolution relating that there was on April 10, 1886, in the United States treasury, \$20,000,000, bearing no interest, and directing the secretary to call in \$10,000,000 within the next three months in sums of \$1,000,000 a month.

By Mr. Beach, of New York, amending the rules so as to subject a member who is absent during a call of the house to a fine of \$10.

By Mr. Bland, of Missouri, providing that any holder of standard gold or silver coin may deposit the same with the treasury, at any government agent, depositing in return, not less than \$10 and receive therefor notes to be called "silver notes," of the United States. Section two makes it unlawful to issue gold or silver certificates and provides that all such certificates heretofore issued shall be cancelled and destroyed, and the coins issued in lieu thereof. Section three directs the secretary of the treasury to maintain a reserve of not more than \$10,000,000 gold and silver coin for the redemption of legal tender notes and an additional reserve equal in amount to the outstanding coin notes issued.

All other surplus revenue rate required for the payment of the current expenditures of the government shall be paid out in money.

The House then proceeded to the consideration of a resolution reported from the committee on the District of Columbia.

Senate.

WASHINGTON, May 11.—In the senate a large number of petitions were presented, among them one by Mr. Voorhees, signed by many citizens of Indiana, praying that the senate may reject the Moore-McCormack pension bill, because it does not give the pensioners enough.

HORRIBLE ACCIDENT.

Four Persons and a Team of Horses Ground Into a Shopless Mass.

PORT WENDELL, Ind., May 11.—As train No. 5 was passing the little station at Woodstock, six miles west of Plymouth, at 6 o'clock this morning, a horrible accident occurred, and four deaths resulted. A coal train, headed by a young farmer, living in a mile and a half east of Woodstock, started for his home this morning, accompanied by his wife and two daughters, aged 18 and 16 years, and drove out to visit some friends. After spending most of the day, they started back and reached Woodstock at 5 o'clock.

Wynier had been cautioned by one of two persons to beware of the crossings, but he had less of these warnings, he kept on his way, and as his wagon was just on the crossing, it was struck by the engine. Both horses were killed instantly as was also Wynier and the oldest child. His wife and the other child escaped instant death, but cannot recover. They were mangled so as to make their forms almost unrecognizable, and presented a sickening appearance.

The eldest child's head was completely severed from the body and lay at a distance of ten or fifteen feet away while Wynier was struck a shapless mass of human flesh. All four lay scattered along the track where they were thrown and were viewed by a large number of passersby. The train was a complete wreck and the team was a terrible mass of horse flesh and bones. They had been killed by the horses and were instantly killed. The train was running at the usual rate of speed in passing the station and after having struck the wagon was stopped and lacked the power to stop.

The coroner will probably hold an inquest to-morrow.

Grand Outing.

CINCINNATI, May 11.—The First and Second Kentucky Regiments are making preparations to run a grand pleasure excursion to the Ohio River, to be held on the occasion of the Centennial Exposition at Cincinnati.

The extent of the arrangements made by the regiments and railroad company, it would seem that they expect to do just as well as the valley of its recreation-loving public. It certainly will be the excursion feature of the season.

The central station of the Ohio River, the occasion will be one of mutual interest.

The low boat, Joe Nixon, came near being destroyed yesterday morning at Pittsburg by the letting go of a natural gas main in the bottom of the river.

The boat was backing out from the wharf, and for an instant one side of the boat was submerged in flames.

He Fell Among Thieves.

NEW YORK, May 11.—Robert P. Nevill, of Pittsburg, visited Coney Island, yesterday evening, and falling among thieves, was relieved of a \$250 gold watch and about \$50 in cash. No clue to the thieves.
